Michael, I couldn't agree more! Was so inspired by your videos I went down and auditioned the RF7-III, RC64III for myself and bought them. I've had them paired with 2 SVS PB16 Ultra subs and RP280F for surrounds. It's been a few weeks now with the setup and it's absolutely the best sound I've ever had at home!! I've certainly spent more over the years on different brands but this is really a slamming setup!! Thanks for the great videos!!

@RLink it was truly a pleasure to have you over this evening. I have met soooo many incredible guys from this forum over the years. It's pretty cool to think that even though we have never met in person, there is a "brotherhood" of sorts, even before we shake hands for the first time. I hope you enjoyed the demos and your visit.

Very much appreciated you allowing me the opportunity to demo the RF 7iii's in the comfort of your Home Theater Room. It didn't take long for me to make a decision to purchase a pair and I along with Klipsch have you to thank. I almost made that decision just watching your videos but seeing and hearing them live well, that made it even easier and I agree totally with the "brotherhood" statement. Thank you Youthman and GBY!

Why Youthman?

Having a solid online Marketing Strategy is crucial to the success of any business. I specialize in providing exposure and excitement for products that I believe in and have a high view and engagement rate for the videos that I produce. With more and more consumers turning to online media reviews for products they are interested in purchasing, the online video reviews that I provide allow potential customers with a firsthand look at products from a consumer's perspective.

My passion for Home Theater, Audio & Video as well as high energy and honest feedback on the products I review has allowed me to earn the trust of my audience and many have shared with me that they have purchased a product solely off of my review of that product. As a video influencer, I have the opportunity to connect my audience with brands that they might not normally consider and share with them why they should consider your brand for their next purchase.

Ranked #1 on Youtube for the following searches:
Klipsch RF-7 III, Klipsch RC-64 III, Parasound Halo A52+, Parasound 2350, SVS Ultra Tower, and SVS Ultra Center. I have demonstrated the ability to rank well on Youtube and can help bring your brand to the top of the list as well.
